CAREER OBJECTIVE

Enthusiastic Computer Science and Engineering student with expertise in Java, SQL, and Full Stack Development, actively building software projects and enhancing problem-solving skills through hands-on practice and continuous learning and passionate about transforming ideas into efficient and scalable software solutions.

SKILLS

- **Programming Languages:** Java, Python, C
- **Web Technologies:** HTML, CSS, JavaScript, PHP, Angular
- **Backend Technologies:** Spring Boot, REST API
- **Database:** MySQL, MongoDB
- **Tools & Platforms:** Spring Tool Suite, VS Code, Git, GitHub
- **Concepts:** OOPs, DBMS, JWT Authentication
- Strong Communication Skills
- Problem Solving
- Team Collaboration
- Time Management
- Adaptability

PROJECTS

- **Full Stack E-Commerce Application**
Developed a full-stack e-commerce application using Java, Spring Boot, Angular, and MySQL with JWT authentication, product management, shopping cart, and order placement features.
- **Bus Ticket Booking System | PHP, MySQL, HTML, CSS, JavaScript**
Built a full-stack web application for ticket booking with seat selection, ticket generation, and an admin dashboard for managing buses, routes, and bookings.
- **Samvidhan Saar – Indian Constitution Learning Platform | React, TypeScript, MongoDB**
Developed a web application to simplify learning of the Indian Constitution through structured modules, quizzes, progress tracking, user authentication, admin dashboard, and interactive gamification features.
- **Online Bookstore Manager | MongoDB**
Developed a NoSQL application for customer management, shopping cart, and order processing with efficient document-based data modeling enabling fast queries and inventory updates.

EDUCATION

Bachelor of Computer Science and Engineering — CGPA: 9.02
K. Ramakrishnan College of Engineering, Samayapuram, Trichy (2023 – 2027)
Higher Secondary Certificate (HSC) — 92.2%
Sri Vageesha Vidhyashram, Srirangam — 2023
Secondary School Leaving Certificate (SSLC) — 96.6%
Sri Akilandeshwari Vidyalaya, Trichy — 2021

CERTIFICATIONS AND ACHIEVEMENTS

- Java Full Stack Development – Stepforcode
- Certified System Administrator – Servicenow
- Certified Cloud Practitioner – AWS
- MongoDB Basics for Students – MongoDB
- DBMS Course – Scalar
- Programming in Python, Internet of Things, Cloud Computing – NPTEL
- Pragati Path To Future Cohort 5, Python Foundation – Infosys Springboard

INTERSHIPS

- **Software Development Intern – Technology Innovation Hub (TIH), K. Ramakrishnan College of Engineering, Jan 2026 – Present**
 - Developed a role-based Learning Management System with course management, enrollment, progress tracking, admin functionalities, and gamification features.
- **Software Development Intern – SkillCraft Technologies (Online), 2025**
 - Developed responsive and user-friendly web pages using HTML, CSS, and JavaScript.
