OBJECTIVE

Motivated and passionate Computer Science Engineering student with a strong interest in full-stack development and problem-solving. Actively building innovative projects and exploring new technologies to enhance technical expertise and analytical skills. Eager to secure an internship opportunity to apply academic knowledge, gain practical experience, and contribute effectively to organizational growth.

SKILLS

- Programming Languages: Python, Java, C
- Web Technologies: HTML, CSS, JavaScript, Node.js
- Database: MySQL, MongoDB
- Tools & Platforms: VS Code
- Strong communication skills
- Problem-solving abilities
- Time management and organizational skills
- Adaptability

PROJECTS

- **Meat Freshness Detection Project**
Developed a meat freshness detection system using R by analyzing chemical and sensor data to classify meat quality and applied data preprocessing, statistical analysis, and machine learning models to accurately predict freshness and ensure food safety.
- **Online Bookstore Manager**
Developed an Online Bookstore Manager using NoSQL (MongoDB) to handle customer management, shopping cart, and order processing. Implemented efficient document-based data modeling, enabling fast queries, seamless inventory updates, and smooth user experience.
- **Bus Ticket Booking System**
Developed a system to automate the booking process efficiently with an intuitive user interface for streamlined ticket booking and an admin dashboard for managing bus inventory, analyzing route data.
- **Inventory Management System**
Developed a Java-based Inventory Management System using Swing and MySQL, enabling product management, sales processing, supplier purchases, and automated invoice generation.
- **VigilX – Gas Leakage Detection System**
Developed an IoT-based gas leakage detection system (VigilX) using gas sensors to detect hazardous leaks and trigger real-time alerts through a buzzer and LED indicators.

EDUCATION

- **Bachelor of Computer Science and Engineering , CGPA: 9.0**
K.Ramakrishnan College Of Engineering, Samayapuram, Trichy — [2023 - 2027]
 - **Higher Secondary Certificate (HSC) - 92.2 %**
Sri Vageesha Vidhyashram, Srirangam - 2023
 - **Secondary School Leaving Certificate (SSLC) - 96.6%**
Sri Akilandeshwari Vidyalaya, Trichy - 2021
-

CERTIFICATIONS AND ACHIEVEMENTS

- Programming in Python, Internet of Things, Cloud Computing - NPTEL
- Python Zero to Hero, Generative AI - GUVI
- Python Foundation - Infosys Springboard
- MongoDB Basics for Students - MongoDB
- DBMS Course - Scaler
- Pragati Path To Future Cohort 5 - Infosys Springboard
- Attended workshop on Data Analytics tool - PowerBi, Tableau
- Attended workshop on Internet Of Things - Rajan Robotics

INTERNSHIPS

Software Development Intern – SkillCraft Technologies (Online) - 2025

- Developed responsive and user-friendly web pages using HTML,CSS and Javascript.
